## Presentation Topic

**“Denmark Fact Finding Trip: Policy and Trends in Wastewater Treatment Plants”**

*Presenter: Jimmy Dang, Oro Loma Sanitary District*

The presentation will focus on the ways the Danish operate and their efforts to move to a “Green Economy” by utilizing reusable resources. It will explore how they made this shift and the paradigm they operate in. This will showcase how changes are made starting at the EPA level down to the treatment plants. It will also touch on policies, reasons for change, and comparisons between Denmark and the United States.
