## Presentation Topic

**“Environmental Review and Considerations in Pipeline Replacement Planning”**

*Presenter: Tania Treis, Panorama Environmental*

The presentation will discuss some key environmental processes and considerations that can impact pipeline replacement projects undertaken by public entities, and will discuss an example project, the East Bay Municipal Utility District's Alameda to Bay Farm Islands Pipeline Crossings Project environmental review process. The project included three pipeline segments crossing through urban areas in Oakland and Alameda, and included in-bay work that triggered a range of permits to address land uses and in-bay marine resources
